To whom it may concern:

I am writing this letter to inform you about Jack Bullock and his website abaselineview.com. Jack does a great job of covering high school basketball in Illinois. His website is viewed by a great number of fans, players and coaches throughout Illinois. I know I get on it several times a week looking up opponents' schedules, information and just to keep up with what is going on in other areas.

Jack is a great ambassador for our sport and is very passionate about what he does. His website is very professional. It promotes the best in high school athletics. Many other websites are full of opinions and arbitrary stories that are often best left unsaid and unposted. A baseline view is full of the positive stories that need to be heard about our athletes and others close to the sport.

I am asking that you visit the website and consider supporting Jack in his efforts to continue promoting the best in high school basketball. Jack is wanting to make the site bigger and even better. I am looking forward to see how he can improve upon a great resource for basketball junkies like me.

Thank you,

Gary L. Bowker Jr.
