To Whom It May Concern:

I have known Jack Bullock and his website baselineview.com for many years. I personally frequent his website during the weeks leading up to the basketball season and during the season itself. Jack does an excellent job, both from a fans perspective and from a coach's perspective, of providing information on southern Illinois basketball teams and players. The website is well organized, packed with information, and is colorful and loaded with pictures. I find it a useful tool to use in my coaching.

One of the necessary evils of coaching is dealing with the media. Mr. Bullock has always made it easy because he conducts his interviews in a very professional manner. He is always well prepared, asks pertinent questions, and does not waste a coach's time.

Please feel free to contact me with any questions you might have concerning my use of Mr. Bullock's website or any other issues you may have.

Sincerely,
